Graphic Packaging Holding Company Reports Fourth Quarter and Full Year 2009 Results

Financial Highlights

- Q4 earnings per share were \$0.09 versus a loss of \$(0.17) in the prior year period.
- Q4 Adjusted EBITDA was \$123.7 million, 18.4% higher than the prior year period.
- Excluding alternative fuel tax credits, full year 2009 operating cash flow was \$368.1 million, representing an increase of \$183.9 million over the prior year.
- Net debt reduced by \$143.7 million in Q4, resulting in full year 2009 net debt reduction of \$363.3 million.

MARIETTA, GA, February 23, 2010. Graphic Packaging Holding Company (NYSE: GPK), a leading provider of packaging solutions to food, beverage and other consumer products companies, today reported Net Income for fourth quarter 2009 of \$31.8 million, or \$0.09 per share based upon 346.5 million weighted average diluted shares. This compares to a fourth quarter 2008 Net Loss of \$(57.7) million, or \$(0.17) per share based upon 342.6 million weighted average shares. Adjusted Net Income for the quarter, which excludes \$44.0 million in alternative fuel tax credits (net of expenses related to fuel tax credits), \$10.7 million of asset impairment charges and \$10.1 million of charges associated with the combination with Altivity Packaging, LLC ("Altivity"), was \$8.6 million, or \$0.02 per share. This compares to a fourth quarter 2008 Adjusted Net Loss of \$(38.9) million, or \$(0.11) per share.

For the full year 2009, Net Income was \$56.4 million, or \$0.16 per share, based on 344.6 million weighted average diluted shares. This compares to a 2008 Net Loss of \$(99.7) million or \$(0.32)

per share based on 315.8 million weighted average shares. Excluding charges associated with the combination with Altivity, asset impairment charges, loss on early extinguishment of debt and alternative fuel tax credits (net of expenses related to fuel tax credits), full year 2009 Adjusted Net Income was \$10.4 million or \$0.03 per share compared to a full year 2008 Adjusted Net Loss of \$(42.1) million or \$(0.13) per share.

“Given the global economic headwinds faced in 2009, I’m pleased with our results and direction,” said CEO David Scheible. “Although volumes declined slightly in 2009, we were able to deliver over 190 basis points of Adjusted EBITDA margin improvement from our successful integration activities and ongoing cost reduction initiatives. Our first full year as a combined company with Altivity has been extremely successful both financially and operationally.”

“Our focus on operating performance and working capital reduction in 2009 helped generate record operating cash flows and a reduction in net debt of approximately \$363 million, representing a decrease in our net leverage ratio from 6.3 times EBITDA to 4.8 times EBITDA. Since closing the combination with Altivity in March of 2008, we have reduced net debt by over \$482 million. Going forward, we remain committed to further deleveraging the balance sheet and improving our margins and credit profile.”

Net Sales

Net sales decreased 6.6% to \$978.6 million during fourth quarter 2009, compared to fourth quarter 2008 net sales of \$1,047.7 million. On a segment basis, Paperboard Packaging sales, which comprised approximately 83.5% of total fourth quarter net sales, declined 3.2% compared to the fourth quarter of 2008. The moderate decline reflects the relative recession-resistant nature of the food and beverage packaging end markets. Sales in the Multi-wall Bag and Specialty segments declined 20.6% compared to the fourth quarter of 2008. This decline was primarily the result of continued weakness in construction and industrial end use markets. Full year 2009 net sales were \$4,095.8 million, or 0.4% higher than 2008 net sales of \$4,079.4 million.

When comparing against the prior year quarter, net sales in the fourth quarter of 2009 were negatively impacted by \$62 million related to volume and mix and \$14 million due to lower pricing. Favorable foreign currency exchange rates benefitted net sales by \$7 million.

Attached is supplemental data showing quarterly 2009 net sales and net tons sold by each of the Company's business segments: Paperboard Packaging, Multi-wall Bag and Specialty Packaging. Pro forma net sales and pro forma net tons sold are also shown, each assuming that the combination with Altivity occurred on January 1, 2008 and excluding 2008 results of the Wabash, IN and the Philadelphia, PA paper mills divested in September 2008.

EBITDA

EBITDA for fourth quarter 2009 was \$146.9 million. Excluding \$44.0 million in alternative fuel tax credits (net of expenses related to fuel tax credits), \$10.7 million of asset impairment and shutdown charges and \$10.1 million of charges associated with the combination with Altivity, Adjusted EBITDA was \$123.7 million. This compares to fourth quarter 2008 EBITDA of \$85.7 million and Adjusted EBITDA of \$104.5 million. Full year 2009 EBITDA was \$602.4 million. Excluding \$137.8 million in alternative fuel tax credits (net of expenses related to fuel tax credits), \$13.0 million of asset impairment and shutdown charges, a \$7.1 million loss on early extinguishment of debt and \$71.7 million of charges associated with the combination with Altivity, full year 2009 Adjusted EBITDA was \$556.4 million compared to 2008 Adjusted EBITDA of \$475.8 million. When comparing against the prior year quarter, Adjusted EBITDA in the fourth quarter of 2009 was positively impacted by:

- \$33 million of improved performance;
- \$4 million of lower input costs primarily related to chemicals, resin and energy; and
- \$3 million due to favorable foreign currency exchange rates.

Fourth quarter 2009 Adjusted EBITDA was negatively impacted by:

- \$14 million due to lower pricing; and
- \$7 million related to volume and mix.

Other Results

At the end of 2009, the Company's total debt was \$2,800.2 million, or \$383.6 million lower than debt of \$3,183.8 million at the end of 2008. Taking cash and cash equivalents into account, total net debt at the end of the fourth quarter 2009 was \$2,650.4 million. This represents a reduction of \$363.3 million in net debt since year-end 2008. Including cash and cash equivalents, as of December 31, 2009, the Company had available liquidity of approximately \$512.8 million and had not drawn on its \$400 million revolving credit facility.

Net cash provided by operating activities was \$502.9 million in 2009 compared to \$184.2 million in 2008. Full Year 2009 operating cash flow includes \$134.8 million of alternative fuel tax credits.

Net interest expense was \$38.4 million for fourth quarter 2009, as compared to net interest expense of \$58.2 million in fourth quarter 2008. Full year 2009 net interest expense was \$196.4 million compared to \$215.4 million in 2008.

Fourth quarter 2009 income tax benefit was \$5.6 million, primarily due to the release of valuation allowances on certain foreign deferred tax assets. Full year 2009 income tax expense was \$24.1 million and was predominately attributable to the noncash expense associated with the amortization of goodwill for tax purposes. The Company has a \$1.3 billion net operating loss carry-forward which may be available to offset future taxable income in the United States.

Capital expenditures for fourth quarter 2009 were \$33.6 million compared to \$56.9 million in the fourth quarter of 2008. For the full year 2009, capital expenditures were \$129.9 million compared to \$183.3 million in 2008.

Under the terms of its Credit Agreement, the Company must comply with a maximum consolidated secured leverage ratio. As of December 31, 2009, the Company's ratio was 2.94 to 1.00, in compliance with the required maximum ratio of 4.75 to 1.00. The calculation of this covenant and the Company's net debt, along with a tabular reconciliation of EBITDA, Adjusted EBITDA, Pro Forma Adjusted EBITDA, Pro Forma Net Sales, Credit Agreement EBITDA and Adjusted Net Income (Loss) is attached to this release.

Earnings Call

The Company will host a conference call at 8:30 am eastern time today (February 23, 2010) to discuss the results of the fourth quarter and full year 2009. Replays of the call can be accessed for one week by dialing 800-642-1687.

Forward Looking Statements

Any statements of the Company's expectations in this press release constitute "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Such statements, including but not limited to, the availability of the Company's net operating loss to offset taxable income in the U.S. and debt prepayments to deleverage the Company, are based on currently available information and are subject to various risks and uncertainties that could cause actual results to differ materially from the Company's present expectations. These risks and uncertainties include, but are not limited to, the Company's substantial amount of debt, inflation of and volatility

in raw material and energy costs, volatility in the credit and securities markets, cutbacks in consumer spending that could affect demand for the Company's products or actions taken by our customers in response to the difficult economic environment, continuing pressure for lower cost products, the Company's ability to implement its business strategies, including productivity initiatives and cost reduction plans, currency movements and other risks of conducting business internationally, and the impact of regulatory and litigation matters, including the continued availability of the Company's net operating loss offset to taxable income, and those that impact the Company's ability to protect and use its intellectual property. Undue reliance should not be placed on such forward-looking statements, as such statements speak only as of the date on which they are made and the Company undertakes no obligation to update such statements. Additional information regarding these and other risks is contained in the Company's periodic filings with the SEC.

**Reconciliation of Non-GAAP Financial Measures
(Unaudited)**

The table below sets forth the Company's earnings before interest expense, income tax expense, equity in the net earnings of the Company's affiliates, depreciation and amortization ("EBITDA"), Adjusted EBITDA, and Adjusted Net Loss. Adjusted EBITDA and Adjusted Net Loss exclude charges associated with the Company's combination with Altivity Packaging, LLC and other Restructuring and Other Special (Credits) Charges. The Company's management believes that the presentation of EBITDA, Adjusted EBITDA and Adjusted Net Loss provides useful information to investors because these measures are regularly used by management in assessing the Company's performance. EBITDA, Adjusted EBITDA and Adjusted Net Loss are financial measures not calculated in accordance with generally accepted accounting principles in the United States ("GAAP"), and are not measures of net income, operating income, operating performance or liquidity presented in accordance with GAAP.

EBITDA, Adjusted EBITDA and Adjusted Net Loss should be considered in addition to results prepared in accordance with GAAP, but should not be considered substitutes for or superior to GAAP results. In addition, our EBITDA, Adjusted EBITDA and Adjusted Net Loss may not be comparable to Adjusted EBITDA or similarly titled measures utilized by other companies since such other companies may not calculate such measures in the same manner as we do.

Reconciliation of Non-GAAP Financial Measures

(Continued)

The Credit Agreement dated May 15, 2007, as amended (“the Credit Agreement”) and the indentures governing the Company’s 9.5% Senior Notes due 2017 and 9.5% Senior Subordinated Notes due 2013 (“the Notes”) limit the Company’s ability to incur additional indebtedness. Additional covenants contained in the Credit Agreement and the indentures governing the Notes, among other things, restrict the ability of the Company to dispose of assets, incur guarantee obligations, prepay other indebtedness, make dividends and other restricted payments, create liens, make equity or debt investments, make acquisitions, modify terms of the indentures under which the Notes are issued, engage in mergers or consolidations, change the business conducted by the Company and its subsidiaries, and engage in certain transactions with affiliates. Such restrictions, together with the highly leveraged nature of the Company and recent disruptions in the credit markets, could limit the Company’s ability to respond to changing market conditions, fund its capital spending program, provide for unexpected capital investments or take advantage of business opportunities.

Under the terms of the Credit Agreement, the Company must comply with a maximum consolidated secured leverage ratio, which is defined as the ratio of: (a) total long-term and short-term indebtedness of the Company and its consolidated subsidiaries as determined in accordance with generally accepted accounting principles in the United States (“U.S. GAAP”), plus the aggregate cash proceeds received by the Company and its subsidiaries from any receivables or other securitization but excluding therefrom (i) all unsecured indebtedness, (ii) all subordinated indebtedness permitted to be incurred under the Credit Agreement, and (iii) all secured indebtedness of foreign subsidiaries to (b) Adjusted EBITDA, which we refer to as Credit Agreement EBITDA(1). Pursuant to this financial covenant, the Company must maintain a maximum consolidated secured leverage ratio of less than the following:

	Maximum Consolidated Secured Leverage Ratio(1)
October 1, 2008 — September 30, 2009	5.00 to 1.00
October 1, 2009 and thereafter	4.75 to 1.00

Note:

(1) Credit Agreement EBITDA is defined in the Credit Agreement as consolidated net income before consolidated net interest expense, non-cash expenses and charges, total income tax expense, depreciation expense, expense associated with amortization of intangibles and other assets, non-cash provisions for reserves for discontinued operations, extraordinary, unusual or non-recurring gains or losses or charges or credits, gain or loss associated with sale or write-down of assets not in the ordinary course of business, any income or loss accounted for by the equity method of accounting, and projected run rate cost savings, prior to or within a twelve month period.

At December 31, 2009, the Company was in compliance with the financial covenant in the Credit Agreement and the ratio was as follows:

Consolidated Secured Leverage Ratio — 2.94 to 1.00

The Company’s management believes that presentation of the consolidated secured leverage ratio and Credit Agreement EBITDA herein provides useful information to investors because borrowings under the Credit Agreement are a key source of the Company’s liquidity, and the Company’s ability to borrow under the Credit Agreement is dependent on, among other things, its compliance with the financial ratio covenant. Any failure by the Company to comply with this financial covenant could result in an event of default, absent a waiver or amendment from the lenders under such agreement, in which case the lenders may be entitled to declare all amounts owed to be due and payable immediately.

Credit Agreement EBITDA is a financial measure not calculated in accordance with U.S. GAAP, and is not a measure of net income, operating income, operating performance or liquidity presented in accordance with U.S. GAAP. Credit Agreement EBITDA should be considered in addition to results prepared in accordance with U.S. GAAP, but should not be considered a substitute for or superior to U.S. GAAP results. In addition, Credit

Agreement EBITDA may not be comparable to EBITDA or similarly titled measures utilized by other companies because other companies may not calculate Credit Agreement EBITDA in the same manner as the Company does.

The calculations of the components of the maximum consolidated secured leverage ratio for and as of the period ended December 31, 2009 are listed below:

<i>In millions</i>	Twelve Months Ended December 31, 2009
Net Income	\$ 56.4
Income Tax Expense	24.1
Interest Expense, Net	196.4
Depreciation and Amortization	305.4
Dividends Received, Net of Earnings of Equity Affiliates	0.1
Non-Cash Provisions for Reserves for Discontinued Operations	—
Other Non-Cash Charges	56.5
Merger Related Expenses	50.8
Losses Associated with Sale/Write-Down of Assets	39.1
Other Non-Recurring/Extraordinary/Unusual Items	(127.5)
Projected Run Rate Cost Savings ^(a)	60.1
Credit Agreement EBITDA	\$ 661.4

<i>In millions</i>	As of December 31, 2009
Short-Term Debt	\$ 17.6
Long-Term Debt	2,782.6
Total Debt	\$ 2,800.2
Less Adjustments ^(b)	857.0
Consolidated Secured Indebtedness	\$ 1,943.2

Notes:

- (a) As defined by the Credit Agreement, this represents projected cost savings expected by the Company to be realized as a result of specific actions taken or expected to be taken prior to or within twelve months of the period in which Credit Agreement EBITDA is to be calculated, net of the amount of actual benefits realized or expected to be realized from such actions.

The terms of the Credit Agreement limit the amount of projected run rate cost savings that may be used in calculating Credit Agreement EBITDA by stipulating that such amount may not exceed the lesser of (i) ten percent of EBITDA as defined in the Credit Agreement for the last twelve-month period (before giving effect to projected run rate cost savings) or (ii) \$100 million. As a result, in calculating Credit Agreement EBITDA above, the Company used projected run rate cost savings of \$60.1 million, or ten percent of EBITDA, as calculated in accordance with the Credit Agreement, which amount is lower than total projected cost savings identified by the Company, net of actual benefits realized for the twelve month period ended December 31, 2009. Projected run rate cost savings were calculated by the Company solely for its use in calculating Credit Agreement EBITDA for purposes of determining compliance with the maximum consolidated secured leverage ratio contained in the Credit Agreement and should not be used for any other purpose.

- (b) Represents consolidated indebtedness/securitization that is either (i) unsecured, or (ii) all subordinated indebtedness permitted to be incurred under the Credit Agreement, or secured indebtedness permitted to be incurred by the Company's foreign subsidiaries per the Credit Agreement.

If inflationary pressures on key inputs resume, or depressed selling prices, lower sales volumes, increased operating costs or other factors have a negative impact on the Company's ability to increase its profitability, the Company may not be able to maintain its compliance with the financial covenant in its Credit Agreement. The Company's ability to comply in future periods with the financial covenant in the Credit Agreement will depend on its ongoing financial and operating performance, which in turn will be subject to economic conditions and to financial, business and other factors, many of which are beyond the Company's control, and will be substantially dependent on the selling prices for the Company's products, raw material and energy costs, and the Company's ability to successfully implement its overall business strategies and meet its profitability objective. If a violation of the financial covenant or any of the other covenants occurred, the Company would attempt to obtain a waiver or an amendment from its lenders,

although no assurance can be given that the Company would be successful in this regard. The Credit Agreement and the indentures governing the Notes have certain cross-default or cross-acceleration provisions; failure to comply with these covenants in any agreement could result in a violation of such agreement which could, in turn, lead to violations of other agreements pursuant to such cross-default or cross-acceleration provisions. If an event of default occurs, the lenders are entitled to declare all amounts owed to be due and payable immediately. The Credit Agreement is collateralized by substantially all of the Company's domestic assets.
